

ENTRESTATE

The system a real-estate company runs on.

THE LOOP

THREE PRODUCTS

Lead Machine

Inventory, a landing page per project, ads, CRM and the month-end report — one system, your brand.

FOR

Brokerages and developers' sales teams.

BILLING

AED 999/month. AED 500 on your account when you start.

Mega Brokerage Platform

Your public site, a landing page for every listing, and the desk that runs it.

FOR

Companies that need a public face.

BILLING

Set up on request.

Meta for Realtors

A full lead-ads system on Meta. Pick a project from our off-plan inventory, set the budget — a few clicks.

FOR

Individual agents.

BILLING

AED 5 per token, as you run ads. No monthly fee.

THE GUARDRAILS

- **No rule, no spend.**

With no rule, it spends nothing on its own.

- **A weak page cannot be advertised.**

The gate blocks a campaign before it wastes the click.

- **Every automatic move is written down.**

Each budget move, in plain words, with the reason.

- **No invented numbers.**

If the assistant doesn't know, it says so.
